“ *We thought of you today, but that is nothing new we thought about you yesterday and days before that too. We think of you in silence, we often speak your name and now all we have is memories and your picture in a frame. Your memory is our keepsake with which we'll never part. God has you in his keeping we have you in our heart.*

“ I remember growing up with Bryan and attending Bertha Barber Elementary School. He was always there to make a person smile. It was great when we use to play kickball on the playground on the weekend and get in trouble for hitting the house that was close by. Oh the memories of childhood. Rest in peace Bryan and may you have no further struggles. Prayers to all that were touched by his presence and know that he will be your special angel.

“ My thoughts and prayers are with Bryan's family and friends. It was heartbreaking to read that he had passed. We shared a love and a life for a short while many, many years ago, but lost touch. He had the most amazing smile and laugh. I sincerely hope that he has found peace as he didn't have it when I knew him and always carried a sadness deep inside.

“ recently i was told by andy ward that bryan had passed. i was shocked to hear this and began to cry. it was sad to hear that my high school sweet heart was no longer here and i could never again hear his voice over the phone as i have done many times over the years. i will never forget giving him the scorpion tattoo on his chest and i know he thought of me every time he looked at it. bryan will forever have a special place in my heart and i still have the promise ring he gave me all those years ago and i will treasure it and remember the things we did together every time i take it out of my jewelry box. this is me saying farewell to you bryan until i see you on the other side. he and i never said the words good bye to each other always just a see you later! sorry i was not at your funeal bryan.
