“ *Not long after Dr. Hefner opened up his office I needed a chiropractor.his office across from grocery store I stopped in to make an appointment and there was Sue at the desk.we had gone to Central College together so new this was where I wanted to go to chiropractor.so after meeting Caroline our friendship began.My dad being a Gideon asked about placing a Gideon Bible in the office.Also offering testaments when new to new employees.in May first year of meeting I gave her a May basket and thus began our tradition of exchanging May Baskets.A great friend and will greatly miss her.Sorry to hear of her passing.Remembering you in Prayer.Love and big hugs to you.Mary Jo Mougey*

“ *Caroline Hefner - She will be missed by many people in her community. She was always trying to lead people to Jesus and be saved so that they may live in paradise at the end of this mortal life. She was my neighbor and friend for over decade, a sister in some cases and a mother in other trials. Her faith was tested when her loving and devoted was taken from this earth. She said God called him home to prepare a place for her and his children and his grand children and of course the great grand children. Caroline when asked if she missed Doc would say 'Yes whenever there is something that needs to be fixed or a person who just needs to see a good chiropractor. Yes I miss him, I have faith I will with him again someday in heaven. Caroline was blessed to have athletes in her family, she enjoyed seeing her grandchildren compete. If you ask her which one do you think is your favorite???* Caroline would always respond *none of them, I love them all equal. Caroline would take time to see to her friends had a ride to buy groceries or to take them to the doctor, she would offer to buy those more unfortunate a meal or take them to the soup kitchen at the Methodist Church. She was always telling people please support the missionaries they need money to go out into the World to preach and bring people the word of God to save them from the evil in this World. She was unselfish with her love of music and her love of life. She shared many a song and taught children to sing and to play the piano. She was a Grandmother to those who were in need of a hug and just understanding. She brought food for those who were wronged by society or abused by others so badly they would need time to recover from their injuries, be it physical or just dealing with the heartache of losing a family member or a close friend, or the ability to work and make a living. Caroline always tried to bring the best out of everyone she met. She will be missed, her smile and laughter now gone to be heard by those who left her so many years before will now see Caroline Hefner in a perfect form and stored to the woman of her youth. She will be reunited with all ancestors and Doc. She walks the streets of heaven today, we all still have to survive the test. With prayer of comfort and love from my family to yours - God willing and our souls to be blessed, we will all see*

GLORY too. Kimberly Heier - Neighbor and Close Friend of Caroline's She would tell each time we spoke .. I love you Kimmie!!! Your so good always be good!!! Talk to you soon, remember I am hanging in!!!!

“ *Caroline was probably one of the most selfless human beings I've ever met. She had such faith in God and love of her fellow human beings. Though it was difficult at the end, her beauty shined through. She will be truly missed.*
