“ *She was a very sweet and compassionate grandmother, mother, and great grandmother. We wish we were notified of her passing. It's seems like you was told a fib that your life was going to be better, but that was not the truth you where put somewhere else to pass away very lonely. We never knew where you were as your daughter took you away from the people that loved you. A lot of family and friends will miss you. Love your son Gary and family and Wes. Oh how we will miss you*
