“ *I would like to extend my condolences. When I read her name in the the obituaries I immediately thought of Zane. Zane was in my grade at Plattsmouth. I remember him from grade school. He was a very kind person and I always thought I should look after him a little. I remember having a lot of compassion for him. I just wanted you to know I felt a connection and wanted to express my feelings. I lost my mother when she was only 71 and think of her everyday. I hope all your memories sustain you in the future.
