“ I just read about your loss Mike, we are not prepared to be losing our sons before we are taken. I was never told by chuck that your son was working in the same trades as you, me, Chuck Shipley and al majors, you should be very proud of Jason for following in your footsteps.

Take Care Mike

“ *Although we haven't seen each other in a few years, you have always been near and dear to my heart. I first met you and Lenny in elementary school. In high school, you became one of my best friends. We had a lot of fun hanging out during cross country, I was mad at you when you didn't go out for it our senior year. All of the chats we had before you left for the Navy and the letters we sent while I was at college. Reconnecting years ago was fate. It was fate that my sister happened to have taken her car to your place of employment. That lead to her giving me your number and we were back to talking just like the "old days". You came to the hospital to visit me when I had Colby and a year later; you, Gloria, and Katie came to visit me in Iowa for Colby's first birthday. A couple of times over the years since then, we hung out when I had some free time in Omaha. Driving around Omaha and catching up on life. I am sorry that when sweet Katie passed, that I was in California, unable to give you a big hug. I am sorry that the last few years, I let life get in the way of our friendship. Love you always and forever.*
