“ *Bubba you will be forever missed. I'm so thankful for the time we got to go on our month long excursion to Florida and back. What a great time we had all the pictures we took, and all the laughs that we had. You will always be in my heart and I'm so glad that I got videos of you and I singing so I can always hear your voice. You will always be missed. Ken and I love you very much and we'll see you again on the other side of the clouds*

“ Bubba,

You are so missed. Not sure what to do with me life now. I'm in a lost fog with out you here with me. You gave me so many good memories in so many labs. I'm so happy that we took our month-long excursion and went to Florida and back and all the pictures and all the laughs and all the giggles and the things we saw and the things we did. Us singing and videotaping it I'm so thankful that I did because now I always have your voice no matter where I go what I do. You left behind a lot of people who loves you. You are so missed Bubba, but I think God above that you're with him and all of our loved ones that will all be for you and you're out of this human body of yours and no longer trapped inside of it not being able to tell me what's going on or if you're hurting or if you're not feeling well. I know when you got there you and Daddy got them guitars and mama and Daddy and you and everybody sat around and sing know the circle won't be broken by and by Lord bye and bye because Bubba you went to that better place of waiting in the sky. I'm so happy for you being there I. I will always carry you in my heart forever Bubba until we meet again.
