“ *Marlin was a great guy and very down to earth. I thought the world of him. He was a great father in-law. Even when that ceased to be we still got along and he treated me with respect. I always felt close to Marlin and I hope he felt the same. He was a person that said it like it was and for that he deserves great respect. He liked a good joke and wasn't beyond a good prank. I still laugh about some of them. He loved his family whole heartedly. He was a friend to so many and was there for them when they needed a hand. A few years ago he helped me find a great used car. I don't think I would of found one like this without his help. He was in a sense like another father to me and in my heart he will always be dad. I will miss him always. My heart goes out to his family and all who knew him. The only thing of comfort I can think of to say to them is; Take comfort in knowing that he loved you all and that you were all so very important to him. He will always be within you and a part of you. My heart goes out to you all.*
