“ Sorry the read of Bob's passing. I worked at the A&W in Plattsmouth during the late 70s when I was stationed at Offutt AFB during my Air Force Career. Bob and Judy were great people to work for. His free root beer with orders for all sports teams keep me pretty busy with a grill full of burgers and the best chicken you could find anywhere. I remember their standard was only the highest quality food was served to their customers. It wasn't often that fries were in the warmer long but, if Bob came by and he thought the were not fresh enough he would have them replaced with fresh. The girls that served the tables were trained to get started cleaning as soon as the customer got up to leave. Judy if you see this you may not remember me but my thoughts and prayers go out to you and your family. I read where both you sons are now doctors. I know your both were so proud of them. I know this Thanksgiving and Christmas will be hard with Bob gone but his spirit is there with you. I was my honor for you both to be a small part of my life. Jim Nobles

“ Spending 5+ years with Bob at the marina, there is not enough space for me to begin to list all of the fond memories that I have of Bob. I am honored to have learned the restaurant business from one of the greats in the industry. Bob introduced me to a whole host of individuals in the industry of which I can say Jose Cuervo was by far our favorite. Taking his own cheese slices to the Green Lantern for lunch one day when they had run out of cheese to spending HOURS at Menards, to his catch phrase "Mark, you know what a guy could do". Being the only two people in the entire Midwest to go to Lake Oahe and not catch one fish in two days. Sitting in the restaurant after working on the deck sipping Jose and having a beer only to have Judy call down and ask for Bob; to which he would say tell her I am not here; to which she would say I can see you two in the window! Rest in peace my friend.
